

Statement of Rajeev Chandrasekhar, MP

CM Kumaraswamy must step down if he can't fulfil his responsibilities as CM to uphold law and order and to Stop Killing of Bengaluru.

Bengaluru, September 21, 2018:

As someone who became CM without even the shadow of a popular mandate, HD Kumaraswamy is today openly urging rioting and law breaking. That is not what Karnataka n its people want or deserve.

Apart from having no mandate to be a CM - This violation of his oath and constitutional obligation to uphold and respect law of the land - is enough for him to be removed from Chief Ministership.

To add to his already egregious list of wrongs is the open and brazen violation of laws by this governments "contractors" destroying our Namma Bengaluru - shaming the great Nadaprabhu Kempegowda our city's founder and all the citizens that make it their home.

For the sake of people of Karnataka please go!
